

Description

These professional and high volume HYB106 series cabinet speakers are ideal for PA systems. They offer an attractive design, best speech reproduction and perfect music performance.

The speakers have a 6 1/2" full range woofer, a 25 mm Dome Tweeter, and a bass pipe, which is integrated into a professionally fitted cabinet. The speakers can be used in- and outdoors as they have a "Butyl Rubber Suspension." They are an excellent component for sound systems in assembly halls, congress and dance halls, gymnasiums, events, etc.

Please consider the following features:

- The trapeze shape allows mounting in corners and at various angles. Small feet on the case bottom make it possible to stand this speaker on a table etc.
- The speaker-leads connection is very easy with 2 clamp clips.
- The speakers can be mounted in- and outdoors.
- There is a hidden impedance selector on the back panel with 3 x 100 V, 4 x 70 V and a 1 x 8 ohms position. As there is a fitted high quality 100 V matching-transformer, there is no reduction of the sound pressure or playback quality.
- The grille can be taken off.

FASHION SPEAKER, 40 W.....HYB106-6T
with 100 V Matching transformer (40-20-10-5W) and 8 ohms

Technical data	HYB106-6T
Load rating	40 W
Transformer tappings	40W-20W-10W(100V) 40W-20W-10W-5W(70V)
Frequency range	70Hz-20KHz
SPL(@1W/m)	91 dB
Woofer and Impedance	6 1/2" PP / 8 ohms
Tweeter and Impedance	1" silk dome / 8 ohms
Dimension H×W×D(mm)	300×215×189mm
Material,Colour	PP , white or black
